HOW TO GROW *Paperwhites*

INDOORS FOR THE HOLIDAYS

WHAT YOU'LL NEED

Paperwhite Bulbs + Shallow Pot or Bowl + Pebbles (or Marbles) + Water

STEP-BY-STEP

1. Choose quality paperwhite bulbs.

2. Add a layer of pebbles (or bulbs in water) to a shallow pot.

3. Nestle the bulbs on top, close together (no soil needed).

4. Add water to just below the base of the bulbs and watch them grow!

Helpful Tips for Success

- Use a shallow, watertight container.
- Keep water just below the bulbs.
- Place in bright, indirect light.
- Blooms typically appear in 3–4 weeks.

Styling Ideas

- ✓ Mass several bulbs for a full, lush look.
- ✓ Use a footed bowl, antique vase, or simple glass container.
- ✓ Add moss or decorative stones for a finished display.
